HOW WE WORK

Our Workflow Approach

With AccoSmart Solutions, you'll receive the best accounting services delivered in a systematic and efficient manner. Our approach ensures your financial needs are met with precision, compliance, and ongoing support.

01

INITIAL CONSULTATION

Our initial step is to conduct a thorough consultation in order to understand your specific accounting requirements.

02

CUSTOMIZED PLAN

Using our expertise, we develop a tailored strategy that is aligned with your business objectives and compliance requirements.

03

IMPLEMENTATION & SUPPORT

Our team executes the plan precisely and provides ongoing support to keep your financial operations on track.

CLIENT ONBOARDING

STEP 01

INITIAL CONSULTATION

We initiate an in-depth discussion to understand your business needs and align our services to meet your specific goals.

STEP 04

DATA GATHERING

We collect and analyze your financial data carefully to ensure accurate insights and informed decision-making.

STEP 07

REGULAR UPDATES AND REPORTING

We provide consistent communication and progress updates to keep you informed and involved throughout our collaboration.

STEP 02

CUSTOMIZED PROPOSAL

We craft a personalized proposal detailing service offerings, timelines, and deliverables customized to your requirements.

STEP 05

SYSTEMS INTEGRATION

We seamlessly integrate our systems with yours, ensuring smooth operations and data compatibility right from the start.

STEP 08

CONTINUOUS IMPROVEMENT

Our services are executed with precision and dedication, prioritizing quality, efficiency, and deadlines.

STEP 03

AGREEMENT AND CONTRACT

We finalize agreements, sign contracts, and establish clear commitments to kickstart our partnership effectively.

STEP 06

ONBOARDING KICKOFF

We conduct a structured kickoff meeting to outline roles, set expectations, and define milestones for a successful engagement.

STEP 09

FEEDBACK

We initiate an in-depth discussion to understand your business needs and align our services to meet your specific goals.

ENGAGEMENT MODULE

EXPLORE OUR ENGAGEMENT MODELS

The choice of the right engagement model is crucial to better aligning our accounting outsourcing services with the needs of your business.

At AccoSmart, we offer flexible, customized models that meet a wide range of operational requirements and price ranges. We can create a customized model for your specific requirements, if our existing models do not meet your requirements.

Whether you're looking for ongoing support or require help for specific projects, our models provide the flexibility to scale resources and services according to your business's demands. With our options, you receive the right level of support at a transparent price.

Explore our customized engagement models to simplify your accounting processes and increase business efficiency.

ENGAGEMENT MODULE

Flexible Pay-as-you-go Or Ad-hoc Model

Our Flexible Model Allows You To Achieve Complete Freedom Without Any Commitments Or Committing Resources In Advance. Request Services As Needed, And We'll Quickly Allocate The Right Resources To Meet Your Needs.

Key Features:

No Upfront Commitments Or Resource Allocation Required.

Services Available On Demand.

Scalable Support To Handle Fluctuating Workloads.

Optimal Resource Allocation For Maximum Productivity.

Fixed Price Agreement

This Model Involves Committing To A Specific Number Of Hours Over A Specified Period Of Time. They Are Flexible And Can Be Used As Needed During The Agreed Period. The Unused Hours Will Be Invoiced Accordingly At The End Of The Period.

Key Features:

Efficient Budget Management And Cost Control.

Flexibility To Use Hours As Required Throughout The Contract.

Predictable Costs With A Fixed Hourly Rate.

Adaptable To The Workload Of Your Firm.

Full-time Or Part-time Employee Engagement

According To Your Specific Needs, We Can Provide Full-time Or Part-time Resources For Your Business Or Accountancy Firm. Your Firm Will Be Able To Engage With These Resources Directly, Who Are Fully Accountable For All Tasks Assigned To Them.

Key Features:

Direct Communication With Dedicated Resources.

Execution Accountability At All Levels.

Enhanced Control And Oversight Over Project Timelines.

Easy Integration Into Your Existing Workflow.

Revenue Sharing Model

Based On This Model, Our Fee Is A Percentage Of The Revenue Generated Through Each Job, That Is, A Percentage Of Your Clients' Accountancy Fees.

Key Features:

Fee Structure Based On A Percentage.

Simplifies Financial Planning With Predictable Costs.

Transparent And Straightforward Fee Structure.

Incentivizes Performance And Client Satisfaction.

CASE STUDY / TESTIMONIAL

Garment firm in the USA - 2023

Services: Bookkeeping and Payroll Processing

AccoSmart Solutions partnered with a garment firm in the USA in 2023 - providing bookkeeping services & payroll processing.

Currently, we handle the entire bookkeeping and payroll functions for the company, delivering comprehensive financial reports required for decision-making that are essential in the business.

By outsourcing their accounting functions to AccoSmart Solutions, the garment firm has been able to focus on their core business operations. This shift has resulted in a 30% increase in operational efficiency, highlighting the importance of outsourcing for improving business performance.

SOFTWARE

We are Software Agnostic

We value your feedback to continuously enhance our services, refine processes, and exceed your expectations.
